YOUR PASSPORT TO EDUCATION

ABOUT

Founded in 1984, Class Afloat is one of the world's leading experiential education opportunities.

Class Afloat offers internationally acclaimed high school, university and gap year programs to students as they sail aboard a historic tall ship and explore over 20 ports of call worldwide. Setting high standards for academic excellence, community service, leadership and personal development, Class Afloat offers rigorous academic programs for grade 11, 12, 1st year university and gap year students.

Over the last 30 years, more than 2000 Class Afloat students have had the experience of a lifetime, developing as individuals, excelling as global citizens, forging lifelong friendships and exploring the world.

Follow our students as they sail around the world! Sign up for our monthly newsletter on our homepage and connect with us on social media.

"Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover." - Mark Twain

WHAT OUR ALUMNI SAY

"Maybe the most seminal experience of my life.... Class Afloat was the point at which there is now a 'before' and 'after'. Inspired me toward a career with the UN and now, a passion project working with global knowmads. Grateful to my fellow floaties!"

Renee Martyna, Class Afloat Alumni

"When I spent time with the kids and asked them what it was about, they said "acceptance". There's no judgement, they all accept each other, and I think that's such a beautiful lesson to get at such a young age. Those kids have had to work hard and to learn grit. I heard her say how much she loved the challenge. If your kid wants to go, make it happen!"

Elana Rosenfield, Class Afloat Parent

"The biggest take away from Class Afloat was learning how to work with and lead people in almost any situation. Furling sails in a storm, 2-4am watches and full days in the galley, working with the same people day in and day out you learn a lot about those people - and yourself."

Student Survey, 2017-2018

"Imagine spending almost a year sailing across the world on a tall ship while studying/going to high school, getting a sailing education and visiting over 17 different countries. And afterwards leaving your home (ship) again and saying goodbye to almost fifty new family members. That's what Class Afloat is about. Getting a lifetime and life changing experience!"

Student Survey, 2017-2018

"Meeting so many different people on the ship has opened my eyes up to so many new possibilities. People say nothing is impossible and this program has shown me that. The people here are super inspiring. They do things that are so different from what I've seen at home. They inspire me to go do something different with my life and make a change in the world."

Caroline Anber, Class Afloat Alumni

"I will miss these moments - when it is just this feeling of joy. I would always do it again if I could, always."
